

## INDEX TO COMMUNICABLE DISEASES INTELLIGENCE 2009

## A

- Adverse events following immunisation**  
Annual report 2008; 365
- Antimicrobial resistance**  
Prevalence of MRSA strains among *Staphylococcus aureus* isolated from outpatients, 2006, Coombs GW et al; 10
- Arbovirus infection**  
Arboviral diseases and malaria in Australia, 2007/08: Annual report of the National Arbovirus and Malaria Advisory Committee, Fitzsimmons GJ et al; 155
- Australian Childhood Immunisation Register**  
Erratum, quarterly reports; 256  
Immunisation coverage annual report, 2007, Hull B; 170  
Quarterly report, 1 April and 30 June; 443  
Quarterly report, 1 January and 31 March; 359  
Quarterly report, 1 July and 30 September; 74  
Quarterly report, 1 October and 31 December; 250
- Australian Gonococcal Surveillance Programme**  
Annual report 2008; 268  
Quarterly report, 1 April to 30 June 2009; 445  
Quarterly report, 1 January to 31 March 2009; 253  
Quarterly report, 1 July to 30 September 2008; 76
- Australian Group for Antimicrobial Resistance**  
Prevalence of MRSA strains among *Staphylococcus aureus* isolated from outpatients, 2006; 10
- Australian Meningococcal Surveillance Programme**  
Annual report 2007 – Amended; 1  
Annual report 2008; 259  
Quarterly report, 1 April to 30 June 2009; 363  
Quarterly report, 1 January to 31 March 2009; 252  
Quarterly report, 1 July to 30 September 2009; 448
- Australian National Poliovirus Reference Laboratory**  
Annual report 2008, Roberts JA et al; 291
- Australian Rotavirus Surveillance Group (see Kirkwood CD); 382**
- Australian Rotavirus Surveillance Program**  
Annual report, 2008/2009, Kirkwood CD et al; 382
- Australian Sentinel Practice Research Network**  
Quarterly report, 1 April to 30 June 2009; 358  
Quarterly report, 1 January to 31 March 2009; 249  
Quarterly report, 1 July to 30 September 2009; 446  
Quarterly report, 1 October to 31 December 2008; 73

## B

- Barnes GL (see Kirkwood CD); 382**
- Barr IG (see Grant KA); 328**
- Barry C et al**  
Tuberculosis notifications in Australia, 2007; 304
- Bastian I (see Lumb R); 298**
- Bell JM (see Coombs GW); 10**
- Bell KM (see Slinko VG); 419**
- Bell RJ (see Slinko VG); 419**
- Belshaw DA et al**  
Rotavirus vaccination one year on...; 337
- Birch CJ (see Russell JS); 216**
- Bishop RF (see Kirkwood CD); 382**
- Boniface K (see Kirkwood CD); 382**
- Booy R (see Lester-Smith D); 209**
- Boyd A (see Klug GM); 188**

## C

- Cameron S (see Dyda A); 414**
- Campbell BA (see Roberts-Witteveen); 49**
- Campbell-Lloyd S (see Sheppeard V); 21**
- Campbell SJ et al**  
Rotavirus epidemiology in Queensland during the pre-vaccine era; 204
- Carlson SJ et al**  
Flutracking surveillance: Comparing 2007 New South Wales results with laboratory confirmed influenza notifications; 323
- Carlson SJ (see Dalton CB); 316**
- Carolan LA (see Russell JS); 216**
- Carter R (see Lumb R); 298**
- Carville K (see Grant KA); 328**
- Chibo D (see Russell JS); 216**
- Christiansen KJ (see Coombs GW); 10**
- Collignon PJ (see Coombs GW); 10**
- Collins SJ (see Klug GM); 188**
- Communicable Diseases Intelligence**  
Instructions for authors; 86
- Communicable diseases surveillance**  
Highlights for 4th quarter, 2008; 59

**Coombs GW et al**

Prevalence of MRSA strains among *Staphylococcus aureus* isolated from outpatients, 2006; 10

**Creutzfeldt-Jakob disease**

Surveillance of, in Australia: 2009 update, Klug GM et al; 188

**D****Dalton CB et al**

Flutracking: A weekly Australian community online survey of influenza-like illness in 2006, 2007 and 2008; 316

**Dalton CB (see Carlson SJ); 323**

**Dalton CB (see Huppertz C); 192**

**Deeks S (see Hull B); 170**

**Dengue**

An apparent recent decline in importations from Papua New Guinea into north Queensland, Hanna JN and Ritchie SA; 34

North Queensland, 2005–2008, Hanna JN et al; 198

Outbreaks in north Queensland, 1990–2008, Hanna JN and Ritchie SA; 32

**d'Espaignet ET (see Carlson SJ); 323**

**d'Espaignet ET (see Dalton CB); 316**

**Durrheim DN (see Carlson SJ); 323**

**Durrheim DN (see Dalton CB); 316**

**Durrheim DN (see Huppertz C); 192**

**Durrheim DN (see Massey PD); 41**

**Durrheim DN (see Osbourn M); 38**

**Durrheim DN (see Roberts-Witteveen AR); 49**

**Dwyer DE (see Osbourn M); 38**

**Dwyer DE (see Sheppard V); 21**

**Dyda A et al**

Outbreak of *Salmonella* Typhimurium 44 related to egg consumption; 414

**E**

**Ehlers GJM (see Hanna JN); 198**

**Elliott EJ (see Lester-Smith D); 209**

**Encephalitis**

Encephalitis in Australia, 1979–2006: trends and aetiologies, Huppertz C et al; 192

**F**

**Fejsa J (see Carlson SJ); 323**

**Fejsa J (see Dalton CB); 316**

**Ferson MJ (see Belshaw DA); 337**

**Ferson MJ (see Sheppard V); 21**

**Festa MS (see Lester-Smith D); 209**

**Fielding JE (see Grant KA); 328**

**Fitzsimmons GJ et al**

Arboviral diseases and malaria in Australia, 2007/08: Annual report of the National Arbovirus and Malaria Advisory Committee; 155

**Flutracking**

A weekly Australian community online survey of influenza-like illness in 2006, 2007 and 2008, Dalton C et al; 316

Surveillance: Comparing 2007 New South Wales results with laboratory confirmed influenza notifications, Carlson SJ et al; 323

**Forssman B (see Sheppard V); 21**

**Fotis K (see Tellis B); 275**

**Foxwell AR (see Martin N and Foxwell AR); 225**

**Francis JL (see Carlson SJ); 323**

**Francis JL (see Dalton CB); 316**

**G**

**Gibbons D (see Jardine A); 221**

**Gold MS (see Menzies R); 365**

**Gooley ML (see Russell JS); 216**

**Grant KA et al**

High proportion of influenza B characterises the 2008 influenza season in Victoria; 328

**Grant KA (see Roberts JA); 291**

**Gregory JE (see Rowe SL); 46**

**H****Hanna, JN and Ritchie SA**

An apparent recent decline in importations of dengue from Papua New Guinea into north Queensland; 34

Outbreaks of dengue in north Queensland, 1990–2008; 32

**Hanna JN et al**

Dengue in north Queensland, 2005–2008; 198

**Hepatitis A**

Outbreak epidemiologically linked to a food handler in Melbourne, Victoria, Rowe SL et al; 46

**Hiley LA (see Slinko VG); 419**

**HIV**

Prevalence of transmitted HIV drug resistance since the availability of highly active antiretroviral therapy Russell JS et al; 216

## HIV and AIDS

- Quarterly report, 1 April to 30 June 2008; 255
- Quarterly report, 1 January to 31 March 2009; 449
- Quarterly report, 1 July to 30 September 2008; 255
- Quarterly report, 1 October to 31 December 2008; 364

## Hull B et al

- Immunisation coverage annual report, 2007; 170

## Human metapneumovirus infection

- Outbreak of, in a residential aged care facility, Osbourn M et al; 38

## Humphreys JL (see Hanna JN); 198

## Hundy R (see Dyda A); 414

## Huppatz C et al

- Encephalitis in Australia, 1979–2006: trends and aetiologies; 192

---

## I

## Ibrahim A (see Roberts JA); 291

## Immunisation

- Adverse events following immunisation among children aged < 7 years in Australia, 1 January to 30 June 2008, supplementary report, Lawrence GL et al; 27
- Immunisation coverage annual report, 2007, Hull B et al; 170
- Surveillance of adverse events following immunisation in Australia, annual report 2008, Menzies R et al; 365

## Influenza

- Flutracking: A weekly Australian community online survey of influenza-like illness in 2006, 2007 and 2008, Dalton C et al; 316
- Flutracking surveillance: Comparing 2007 New South Wales results with laboratory confirmed influenza notifications, Carlson SJ et al; 323
- High proportion of influenza B characterises the 2008 influenza season in Victoria, Grant KA et al; 328
- The burden of childhood influenza in a tertiary paediatric setting, Lester-Smith D et al; 209

## Irwin M (see Massey PD); 41

---

## J

## Jardine A et al

- A community outbreak of meningococcal serogroup B disease in Western Sydney: the challenges of identification and significance; 221

## Jelfs P (see Lumb R); 298

## Johansen CA (see Fitzsimmons GJ); 155

---

## K

## Kaye MB (see Russell JS); 216

## Keeffe JE (see Tellis B); 275

## Keehner T (see Lumb R); 298

## Kelly HA (see Grant KA); 328

## Kelly PM (see Huppatz C); 192

## Kesson AM (see Lester-Smith D); 209

## Kirkwood CD et al

- Australian Rotavirus Surveillance Program annual report, 2008/2009; 382

## Klug GM et al

- Surveillance of Creutzfeldt-Jakob disease in Australia: 2009 update; 188

## Konstantinos A (see Barry C et al); 304

---

## L

## Laboratory Virology and Serology Reporting Scheme

- Tables; 70, 246, 355, 440

## Lambert SB (see Campbell SJ); 204

## Lawrence GL et al

- Supplementary report: surveillance of adverse events following immunisation among children aged < 7 years in Australia, 1 January to 30 June 2008; 27

## Lawrence GL (see Menzies R); 365

## Lester-Smith D et al

- The burden of childhood influenza in a tertiary paediatric setting; 209

## Levi C (see Huppatz C); 192

## Lewis V (see Klug GM); 188

## Lumb R et al

- Tuberculosis in Australia: Bacteriologically confirmed cases and drug resistance, 2007; 298

---

## M

## Mahajan D (see Lawrence GL); 27

## Mahajan D (see Menzies R); 365

## Martin N and Foxwell AR

- Measles status in Australia, and outbreaks in the first quarter of 2009; 225

## Massey PD et al

- Enhanced Q fever risk exposure surveillance may permit better informed vaccination policy; 41

## Massey PD (see Roberts-Witteveen); 49

## Masters CL (see Klug GM); 188

## McAnulty JM (see Sheppard V); 21

McCall BJ (see Slinko VG); 419

McGlade A (see Klug GM); 188

McIntyre P (see Hull B); 170

McIntyre P (see Menzies R); 365

McLaws M (see Coombs GW); 10

McPhie KA (see Osbourn M); 38

#### Measles

Status in Australia, and outbreaks in the first quarter of 2009, Martin N and Foxwell AR; 225

Vaccine failures and vaccine effectiveness in children during outbreaks in New South Wales, March–May 2006, Sheppard V et al; 21

#### Meningococcal infection

A community outbreak of serogroup B disease in Western Sydney: the challenges of identification and significance, Jardine A et al; 221

Annual report of the Australian Meningococcal Surveillance Programme, 2007 – Amended; 1

#### Menzies R et al

Annual report: surveillance of adverse events following immunisation in Australia, 2008; 365

Menzies R (see Hull B); 170

Merritt TD (see Roberts-Witteveen); 49

Moffatt CRM (see Dyda A); 414

Montgomery BL (see Hanna JN); 198

Moreira C (see Sheppard V); 21

Muscatello DJ (see Belshaw DA); 337

Muscatello DJ (see Carlson SJ); 323

## N

National Arbovirus and Malaria Advisory Committee (see Fitzsimmons GJ); 155

#### National Enteric Pathogens Surveillance System

Quarterly report, 1 October to 31 December 2008; 78

#### National Notifiable Diseases Surveillance System

Australia's notifiable disease status, 2007: Annual report of the National Notifiable Diseases Surveillance System, NNDSS Annual Report Writing Group; 89

Tables; 63, 239, 348, 433

National Tuberculosis Advisory Committee (see Barry C et al); 304

Nicolls JA (see Russell JS); 216

Nimmo GR (see Coombs GW); 10

Nissen MD (see Campbell SJ); 204

#### NNDSS Annual Report Writing Group

Australia's notifiable disease status, 2007: Annual report of the National Notifiable Diseases Surveillance System; 89

Nurkic A (see Belshaw DA); 337

## O

#### Osbourn M et al

Outbreak of human metapneumovirus infection in a residential aged care facility; 38

#### OzFoodNet

Monitoring the incidence and causes of diseases potentially transmitted by food in Australia: Annual report 2008, OzFoodNet Working Group; 389

Quarterly report, 1 April to 30 June 2009, OzFoodNet Working Group; 341

Quarterly report, 1 January to 31 March 2009, OzFoodNet Working Group; 232

Quarterly report, 1 July to 30 September 2009, OzFoodNet Working Group; 426

Quarterly report, 1 October to 31 December 2008, OzFoodNet Working Group; 53

#### OzFoodNet Working Group

Monitoring the incidence and causes of diseases potentially transmitted by food in Australia: Annual report of the OzFoodNet Network, 2008; 389

OzFoodNet quarterly report, 1 April to 30 June 2009; 341

OzFoodNet quarterly report, 1 January to 31 March 2009; 232

OzFoodNet quarterly report, 1 July to 30 September 2009; 426

OzFoodNet quarterly report, 1 October to 31 December 2008; 53

## P

Papadakis A (see Russell JS); 216

Pearson JC (see Coombs GW); 10

#### Pertussis

Outbreak of, 1 January to 31 March 2009, Surveillance Branch, Office of Health Protection; 36

#### Poliovirus

Annual report of the Australian National Poliovirus Reference Laboratory, 2008, Roberts JA; 291

Polychronopoulos S (see Roberts JA); 291

Pyke AT (see Hanna JN); 198

## Q

#### Q fever

Enhanced risk exposure surveillance may permit better informed vaccination policy, Massey PD; 41

**R**

- Ratnamohan VM (see Osbourn M); 38**
- Richards AR (see Hanna JN); 198**
- Riddell MA (see Grant KA); 328**
- Ritchie SA (see Hanna JN); 32, 34, 198**
- Roberts JA et al**  
Annual report of the Australian National Poliovirus Reference Laboratory, 2008; 291
- Roberts-Witteveen AR et al**  
Egg-associated *Salmonella* outbreak in an aged care facility, New South Wales, 2008; 49
- Roomiani I (see Lawrence GL); 27**
- Roomiani I (see Menzies R); 365**
- Rotavirus**  
Australian Rotavirus Surveillance Program annual report, 2008/2009, Kirkwood CD et al; 382  
Epidemiology in Queensland during the pre-vaccine era, Campbell SJ et al; 204  
Vaccination one year on..., Belshaw DA et al; 337
- Rowe, SL et al**  
Hepatitis A outbreak epidemiologically linked to a food handler in Melbourne, Victoria; 46
- Russell JS et al**  
Prevalence of transmitted HIV drug resistance since the availability of highly active antiretroviral therapy; 216

**S**

---

- Salmonella**  
Egg-associated *Salmonella* outbreak in an aged care facility, New South Wales, 2008, Roberts-Witteveen AR et al; 49  
Outbreak of *Salmonella* Typhimurium 44 related to egg consumption, Dyda A et al; 414  
Outbreaks of *Salmonella* Typhimurium phage type 197 of multiple genotypes linked to an egg producer, Slinko VG et al; 419
- Sandberg SM (see Slinko VG); 419**
- Shadbolt CT (see Roberts-Witteveen); 49**
- Sheppard V et al**  
Vaccine failures and vaccine effectiveness in children during measles outbreaks in New South Wales, March–May 2006; 21
- Sheppard V (see Jardine A); 221**
- Sievers A (see Lumb R); 298**
- Slinko VG et al**  
Outbreaks of *Salmonella* Typhimurium phage type 197 of multiple genotypes linked to an egg producer; 419
- Stafford RJ (see Slinko VG); 419**

- Staphylococcus aureus**  
Prevalence of MRSA strains among *Staphylococcus aureus* isolated from outpatients, 2006, Coombs GW et al; 10
- Stehmann C (see Klug GM); 188**
- Surveillance Branch, Office of Health Protection**  
Outbreak of pertussis, 1 January to 31 March 2009; 36
- Surveillance systems reported in CDI, 2009; 80**

**T**

---

- Tanner K (see Rowe SL); 46**
